THURSDAY MORNING, JULY 15, 1858 PLAIN AND ORNAMENTAL PRINTING

The Convention-The Ticketwas one of the largest and best Delegate assem-Plages ever convened in Ohio. The counties were represented by intelligent, patriotic, earnest men, and their deliberations were charact rized by good order, good sense, harmony, and despatch. No sectional spirit or clique manexement controlled the convention, and the action of the body gave satisfaction to all portions of the State, cementing the opposition to the Administration of Mr. Buchanan from the Lake to the River. It is now rendered quite certain that there will be but two State tickets in the field this fall-the Republican Anti-Lecompton and the Lecompton Democratic .-Even in Hamilton county the prospects are vary flattering for a united opposition ticket to tie Democratic Lecompton, and this that former strong citadel of the Democratic party in the State will be forced to surrender.

The ticket presented for the suffrages of the People is eminently worthy of universal support. WILLIAM V. PRCK, of Scioto, for Su. preme Judge, possesses rare talents, qualifications and experience. Though but slightly known in the Lake counties, his name is familing to all parties in the River region, and he cnjoys the esteem and confidence of all in a remarkable degree. This is shown by the unanimous support be has received on former occasions in his Judicial District, composed of the counties of Scioto, Pike, Jackson, Lawrence, and Vinton—a district usually Democratic, we believe, exce<sub>1</sub>2 when Judge Peck is in the field. A native of, and educated in Composition of the particular of the state, an ardent and triumphant support, hereby re-affirm the same and again to meetical, Judge S. in early life settled in South. enjoys the esteem and confidence of all in a the Convention giving a tremendous "aye in the field. A native of, and educated in Connecticut, Judge S. in early life settled in Southern Ohio, where he soon acquired an extensive practice in his prefession, and established an envisible reputation as a sound, able lawyer, and gifted, exemplary man. At the session of 1844-5, the Whig General Assembly elected Judge Perx to the Common Pleas bench. So ably and so satisfactorily did he discharge the duties of Judge, that upon the adoption of the new Constitution he was elected by the people of the District without any opposing candidate, and in 1856 he was re-elected with but three opposition votes in the five counties! The legal position votes in the five counties! The legal profession in his District speak of him as one of the most acute, clear-headed and profound jurists of the age, and the people all esteem him bankruptev or national reform.

The thundering aye which unanimously proclaimed him the first and only choice Cuyahoga, withdrew the name of Mr. Spalding, of the Convention, was such an endorsement and read the following letter addressed to the interesting celebration at Mount Vermon, Ohio, of an able and faithful discharge of important President of the Republican State Convention : on the 3d. Ninety veterans, and six widow official duties, as few men win in a life-time.

Joun L. Martin, of Butler, for Member of that Division, and is an extensive Flour and Paper manufacturer. Born and bred in the free air of the Green Mountains of Vermont, a Millair of the Green Mountains of Vermont, a Mill-wright by profession, he emigrated to Franklin county, Ohio, in 1837. From 1840 to 1845 he was employed in heavy Canal repair jobs between Columbus and Portsmouth, and as an engineer. For ten years past Mr. M. has had no connection with the Public Works, but has successfully followed manufacturing pursuits. He is a fine specimen of the old fashioned Whig sons of Molly Stark—intelligent, active, honest, and capable; not an office seeker, but competent and ready to serve the State faithfully.—

Russe P. Spaintno. petent and ready to serve the State faithfully .-That he is exactly the right sort of man for the place, was evidenced by the tenacity with which the delegates who best knew his wort voted for his nomination from the first to th final ballot. On the last ballot nearly the en tire vote of the Reserve was cast for Mr. Man TIN-just the kind of vote he will get from the people of the Reserve, we doubt not, on the second Tuesday of October.

The Resolutions adopted are brief, to the presented for the suffrages of the electors of motion the nomination was made unanimous Ohio. Let it be earnestly, vigorously, and with an enthusiastic aye. triumphantly supported.

The Peace Commissioners, Messra, Powell and McCullough, had arrived safely. Young and the rest of the Mormons, with the exception of some forty or fifty, had evacuated the city and gone South to Provo. The city looked almost completely deserted. Peace had been agreed upon, but on what terms our informant was unable to learn. An officer, writing from General Johnston's

camp on Bear River, June 16, says the army would resume its march the next day. Gen. Johnston had received an express from the Peace Commissioners, informing him that the army would be received peaceably by the Mormons. The General did not, however, feel any increased confidence in the peaceful attitude of the Saints, and the army was kept in readiness to repel any treacherons demonstra

A proc'amation had been issued to the people by Gen. Johnston, in which he tells them the army is as ready now to afford them assistance and protection as it was to oppose them when in rebellion against the Government. It was thought this guarantee would cause many Mormons to evade the despotism of Young, who has seduously inculested the belief that the army was particularly hostile to them.

The troops were in fine condition and glad to be released from inaction.
